Route #1.

Boise, Idaho.

Dearest Girls and dearest Staff:-

How much easier to be there now
with you than to try a "thumb-nail
sketch" of the past 25 years. Can it
possibly be that long since our memorable
M. E. S. days? It would be fun to do it
over again if the old muscles and joints
would function as before.

I would also love to be there for another
reason — to slow off my darling husband
of course, and our two daughters. Yes!
Life has been good to us.

I met and married Bob in Edmonton.
It was love at first sight I guess you'd say
at! Me! Fortunately for me he had just
returned there from Alaska where he had
been a base commander in the U.S.A.F.
He was discharged in 1945 & finished his
law degree at the University of California
at Berkeley. We then returned to
Boise, Bob's home, to raise our family.
Now just underway and to practice law.

And now to brag a bit about us
— all true! — can't deny it! Bob
has become a very fine lawyer and is
most active in many community projects.

and right now deeply involved in Idaho politics. He has served one term in the House of Representatives and again has filed to run for a second term. He really did an excellent job and had many compliments from all sides. Yp! we are very proud of his efforts. I loved it too - so very interesting.

Our two girls are real charmers and growing up much too quickly. Sandra is $13\frac{1}{2}$ years of age, in first year Jr. High. She looks like her Mother so they say and I can't see it. She's the personality girl, full of pep and so loveable. Shelley is nine years old, in 4th grade, A Student and so much like her Dad. This I can see. She has red reef hair - lots of pickles, sweet & easy to have around. We love them dearly.

And last of all - old me - Well! I'm about the same as you remember in size & shape - still love to "athlete" all over the place and dance a lot. I'm accused so often of "what do I use on my hair to make it silvery? Well nature took over years ago and hidden among the golden hair were my silver tresses! So without any cost my hair is the color I love. I keep busy, typical routine as you well know, Mother - wife &c etc.

We live out of Boise about 10 miles

own a six acre ranch, and own five horses and four heifers in the pasture behind us. Our house overlooks the Boise valley - mountains nearby. It's pretty nice. No! We aren't farmers, it's just our one big hobby and it's marvelous. Bob is a grand rider and he has us all riding alot too. We show our registered horses at numerous Quarter Horse Shows in the State and we've acquired several lovely trophies. We gave up city life and golf for this and we love it so much. It's so peaceful & relaxing for Bob & I and the girls adore it.

Boise is a nice nice city - so much like Edmonton used to be. I guess that is why I'm so fond of it here. Come and see us - please do.

It's wonderful to hear from you. Best wishes for a most successful re-union.

My love to you all and "tears" too because I cannot be there

Fondly
Rhoda Green
